## SHUVO CHANDRA

GRAPHICS DESIGNER

### ABOUT US

I have been working as a "Graphic Designer" for more than 4 years now. From the beginning of my young age, I always wondered how people could do such a charismatic design, which is even impossible to think of by others. I always do, which attracts me most. However, I started to do design and don't know when it turns into my passion. Nowadays, I want to be a graphic designer not only for financial support but also for my mental satisfaction. This is the reason which motivates me to be a graphic designer. And I'm a hard-working team player seeking to leverage my skills in graphic design.
