## EDUCATION

**Bachelor of Science (B.Sc.), Computer Science & Engineering**  
Rajshahi University of Engineering & Technology

Jan 2023 – Dec 2026

## TRAINING / CERTIFICATIONS

### 1. Reactive Accelerator Course

Learn With Sumit, Virtual

Sep 2024 – Feb 2025

- Completed the LWS Reactive Accelerator Course with an **A+ grade** and achieved an outstanding **91.92% mark!**
- Received a **Job Recommendation Letter** for **excellent performance** in the course.
- Recognized as a **Star Performer** in the program for exceptional skills and dedication.
- Gained strong expertise in both **frontend** and **backend** development, mastering **React** and **Next.js** while building the skills needed to perform as a **production-grade full-stack developer**.

✓ Verify: <https://learnwithsumit.com/certificates/verify/LWSCTXN-LZA4X2Y9>

### 2. THE AI ENGINEERING PATH

Scrimba, Virtual

Jan 2024 - Feb 2025

- Completed an intermediate **10.3-hour course** on building generative AI-powered applications using **OpenAI API, HuggingFace, embeddings, vector databases, AI agents, and the Assistants API**.

✓ Verify:

## PROJECTS

### 1. Airbnb – Hotel Booking Website

Feb 2025 – Mar 2025

Features:

- Login using credentials or **Google OAuth**
- Secure **token rotation with access and refresh tokens**
- Hotel creation and update (future feature)
- Hotel booking with “pay later” feature
- Online payments via **SSLCommerz**
- Automatic email confirmation after payment
- View and download **payment receipt**

**Tech Stack:** NextJS, Mongoose, SSLCommerz, Nodemailer, PDF-Lib, TailwindCSS, React-Toastify

**Source Code:** <https://www.github.com/ahsanul-habib/airbnb-hotel-booking-app>

**Live Link:** <https://airbnb-hotel-booking-app.vercel.app/>

### 2. React AI Component Builder - Generate react components with AI by giving prompt

Features:

- Generate React components from **AI prompts**
- **Sandbox** for live preview/testing
- Rapid prototyping with export-ready reusable components

**Tech Stack:** NextJS, Gemini, Sandbox, TailwindCSS

**Source Code:** <https://github.com/ahsanul-habib/react-component-builder>

**Live Link:** <https://react-builder-ahsan.vercel.app/>

### 3. MovieDB – Realtime Movie Explorer

Features:

- Displays trending and popular movies in real-time using the **TMDB API**
- Built with Next.js for fast, server-side rendered pages
- Clean and responsive UI for seamless browsing on all devices
- Allows users to explore movie details, ratings, and release info

**Tech Stack:** NextJS, Mongoose, TailwindCSS, React-Toastify

**Source Code:** <https://github.com/ahsanul-habib/MovieDB>

**Live Link:** <https://moviedb-ahsanul-habib.vercel.app/>

#### 4. Project Manager – Task & Workflow Management Tool (Frontend Only)

Features:

- Categorize tasks: To-Do, On Progress, Done, Revise
- Sort by due date & manage dynamic tasks
- Fully responsive design

**Tech Stack:** React, useContext, useReducer, Vite, TailwindCSS

**Source Code:** <https://github.com/ahsanul-habib/project-manager>

**Live Link:** <https://project-manager-ahsanul-habib.vercel.app/>

#### 5. Expense Tracker – Money Management App

Features:

- Track income and expenses with a responsive UI
- Provides spending summary to manage budget

**Tech Stack:** React, Vite, TailwindCSS

**Source Code:** <https://github.com/ahsanul-habib/expense-tracker>

**Live Demo:** <https://expense-tracker-ahsanul-habib.vercel.app/>

### WORK EXPERIENCE

#### Front End Development – Internship

Feb 2024 - Jun 2024

Excite AI, Virtual

- Converted two WordPress themes into dynamic React apps with reusable components and optimized frontend performance.

### SKILLS

Next.js, React, MongoDB, PostgreSQL, Express.js, LangChain, TailwindCSS, Mongoose, PDF-Lib

### EXTRA CURRICULAR ACTIVITIES

1. **Executive Member, RUET Career Forum:** Organized career development events, workshops, and networking sessions to connect students with industry professionals.
2. **Competitive Programmer:** Secured **5th place** in the Intra-University Programming Contest, enhancing problem-solving and coding skills.
3. **Hackathon Participant:** Collaborated in multiple hackathons, solving real-world problems and building innovative solutions.
